

# Mastering the Fire Service Assessment Center

4-Day Workshop

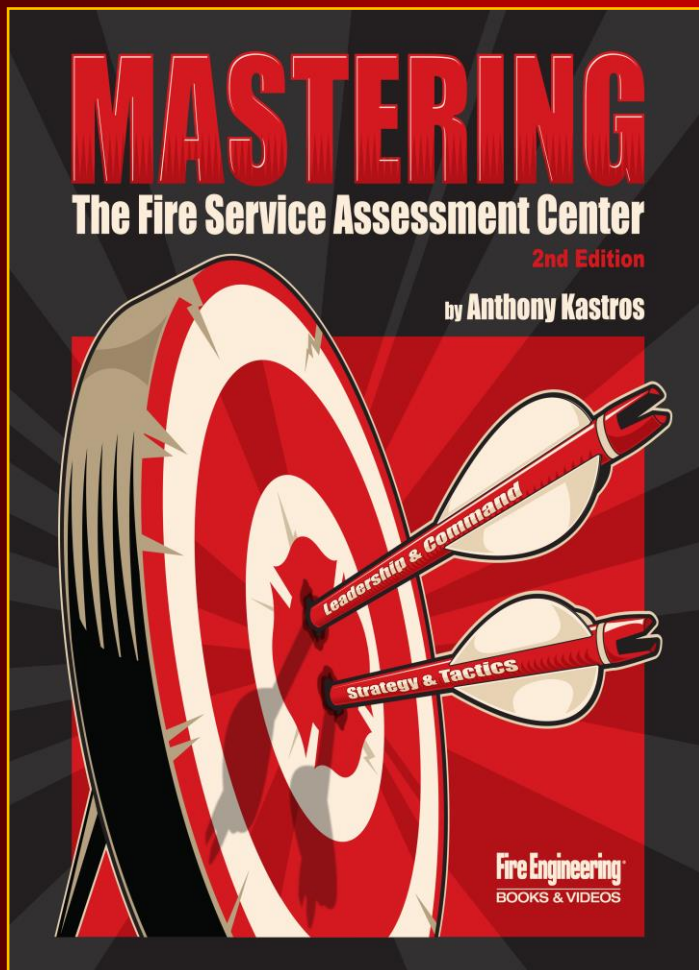

Based on the Best-Selling Book

## Mastering the Fire Service Assessment Center By Fire Engineering

- Participate in emergency simulations, oral presentations, visual resumes, promotional interviews, counseling sessions, video counseling, in-baskets, and supervisory exercises.
  - Discover the proper mentality for the test, including how to shed baggage at the door.
  - Focus on becoming position-oriented vs. test-oriented.
  - Learn over 30 Knowledge, Skills and Abilities that span the dimensions of leadership, management and emergency operations.
  - Assess and be assessed using scoring criteria utilized in today's assessment centers.
  - Practice exercise-specific tools and avoid candidate pitfalls.
- \* Includes **BRAND NEW 2<sup>ND</sup> EDITION** of best-selling book published by **Fire Engineering**. This new edition is over 430 pages and has hundreds of new features, exercises, and tools!

***"The #1 mistake candidates make is to wait too long to prepare for the assessment center. The job and the assessment center are about performance. It takes time to build the knowledge, skills and abilities to perform."***

**– Anthony Kastros**

***"This book will give you the greatest probability of success in your assessment center process. There is no way you can read and reflect on the information and wisdom within these pages and not be a better person and a better firefighter for it."***

**Bobby Halton, editor-in-chief, Fire Engineering Magazine**

***"Just wanted to let you know that your class got me to #1 on the captains list here in SJFD. Thank you for the help and I can say that your class is ridiculous (in a good way)."***

**Alex - San Jose FD**

***"Your workshop made the difference for me. Scoring #1 on the list was a direct reflection of your commitment to help develop excellent officers."***

**Jerry - Sacramento City FD**

Anthony Kastros is a 31-year fire service veteran and a battalion chief with the Sacramento Metro Fire District. He is author of the Fire Engineering series Mastering the Fire Service Assessment Center, Mastering Fireground Command – Calm the Chaos, and Mastering Unified Command – From Hometown to Homeland. He was the FDIC International 2013 Keynote Speaker and has taught thousands of firefighters across America in officer development, leadership and command.
